ASSURANCE PLANNING

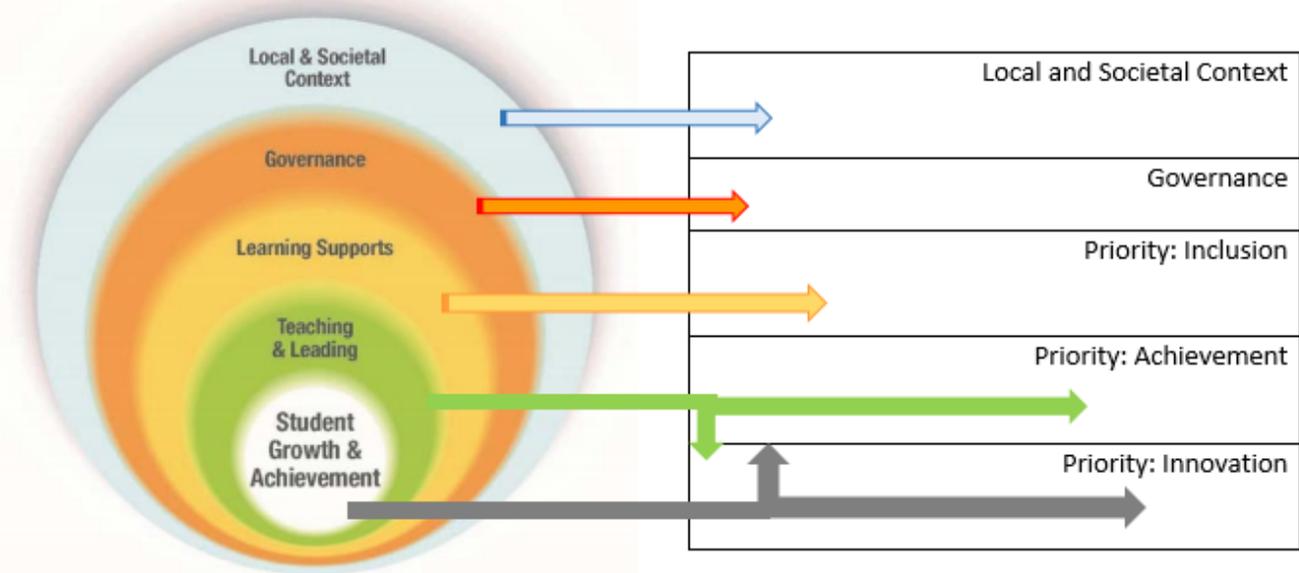

This is the first year that all planning and reporting in Lethbridge School Division follows the provincial assurance framework. It is a balanced approach to accountability with the goal of continual improvement and enhanced public assurance.

Lethbridge School Division still has three priorities: Achievement, Inclusion, Innovation

The three priorities are identified in each of the provincial Assurance Domains.

Provincial Assurance Domains

Lethbridge School Division Assurance Plan Sections

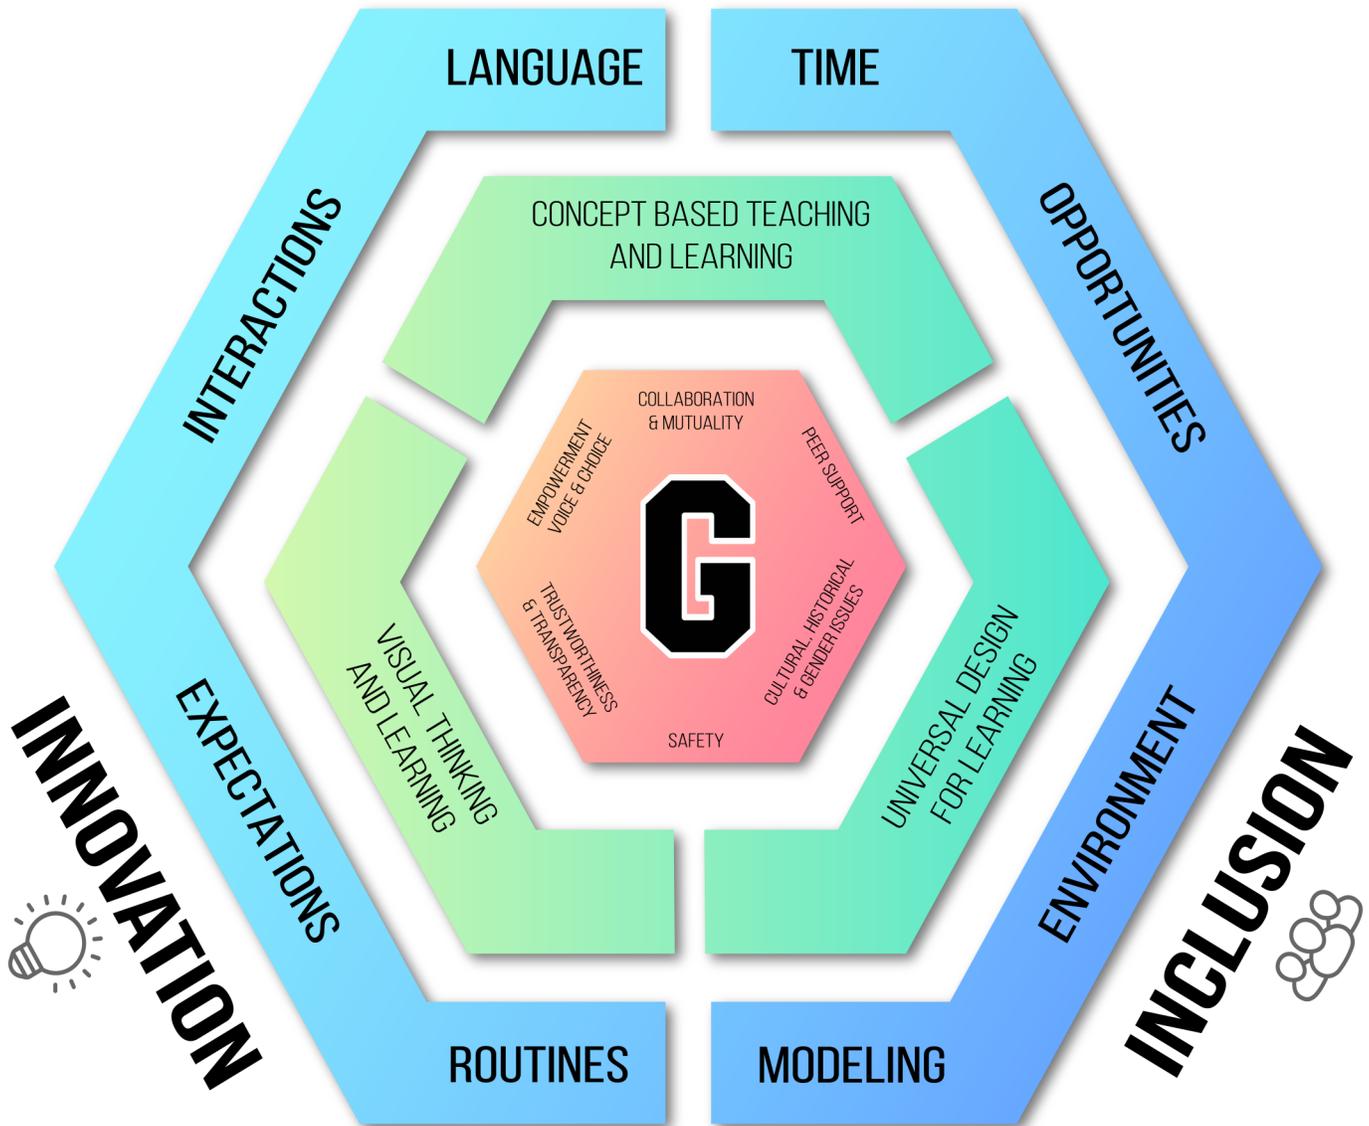

SCHOOL CONTEXT

Galbraith Elementary School was one of the first schools in Lethbridge School Division, built in 1913. It is the oldest operating school in our city. This historical school is located in North Lethbridge and has traditionally served the mining and labor communities that surround it. Approximately 350 students from Early Education to Grade 5 attend our school. Historically, Galbraith has served the mining and labor communities and has always welcomed children from all over the world. The students at Galbraith represent a wide range of socio-economic backgrounds and diverse cultures. The members of staff are committed to the students and the parent community is supportive of the school.

Galbraith Elementary’s framework (see next page) outlines our school goals and the ways we work towards meeting them. Galbraith is a trauma-informed learning environment, with a common understanding that kids do well if they can.

ACHIEVEMENT

Galbraith School Goals:

- *Students will demonstrate improved literacy and numeracy through support of diverse learning and social needs*
- *Students will demonstrate innovative, creative and critical thinking skills in their learning and will be ethical and engaged learners.*
- *To create a safe and inclusive school environment through collaboration, health and wellness initiatives, and supports for diverse learning and social needs.*
